

## CABLE ROLL F + F

### Cable roll F + F

This cable roll was specifically developed for catenary assembly and maintenance work.

The sturdy but lightweight diverter cable roll construction ensures optimal safety and convenience on site.

One side can be unlocked and turned away for rope insertion.

This also opens the fixed gambrel stick.

### Technical data

Load capacity:	250 kg
Roll diameter:	147 mm
Max. rope diameter:	48 mm
Weight:	2.6 kg
Height:	27 cm
Width:	12 cm
